

The Crest
Storm Door – Standard

Full View Storm Door Mid-view Storm Door High View Storm Door

Per the Association’s Governing Documents, an Improvement Application must be submitted and approved by the Board prior to installation of any storm door on an Attached Single Family Living Unit in The Crest. The Improvement Application can be found on the Reserve of Turpin website (www.reserveofturpin.com) or may be obtained from the Association’s Managing Agent.

The photos above show generic samples of the standard type of storm door for approval. The standard generic door colors for approval are white, almond and beige.

Doors similar to those shown in the photos may be purchased from a variety of manufactures and retailers.

If you have any questions, please contact our Managing Agent for additional details.
